Serving fortune 100 companies obtain keen analytics to become more data-centric to answer only the most challenging questions

Why should you invest in Broward County Florida

Broward County , the second-most populous county in the state of Florida with over **1.94 million inhabitants as of 2020**

This open source Airbnb data set contains tabular data about Broward county's listings for the past 2 years, encompassing **property type, city, reviews per listing, and more**

This dashboard is aimed to answer the following questions

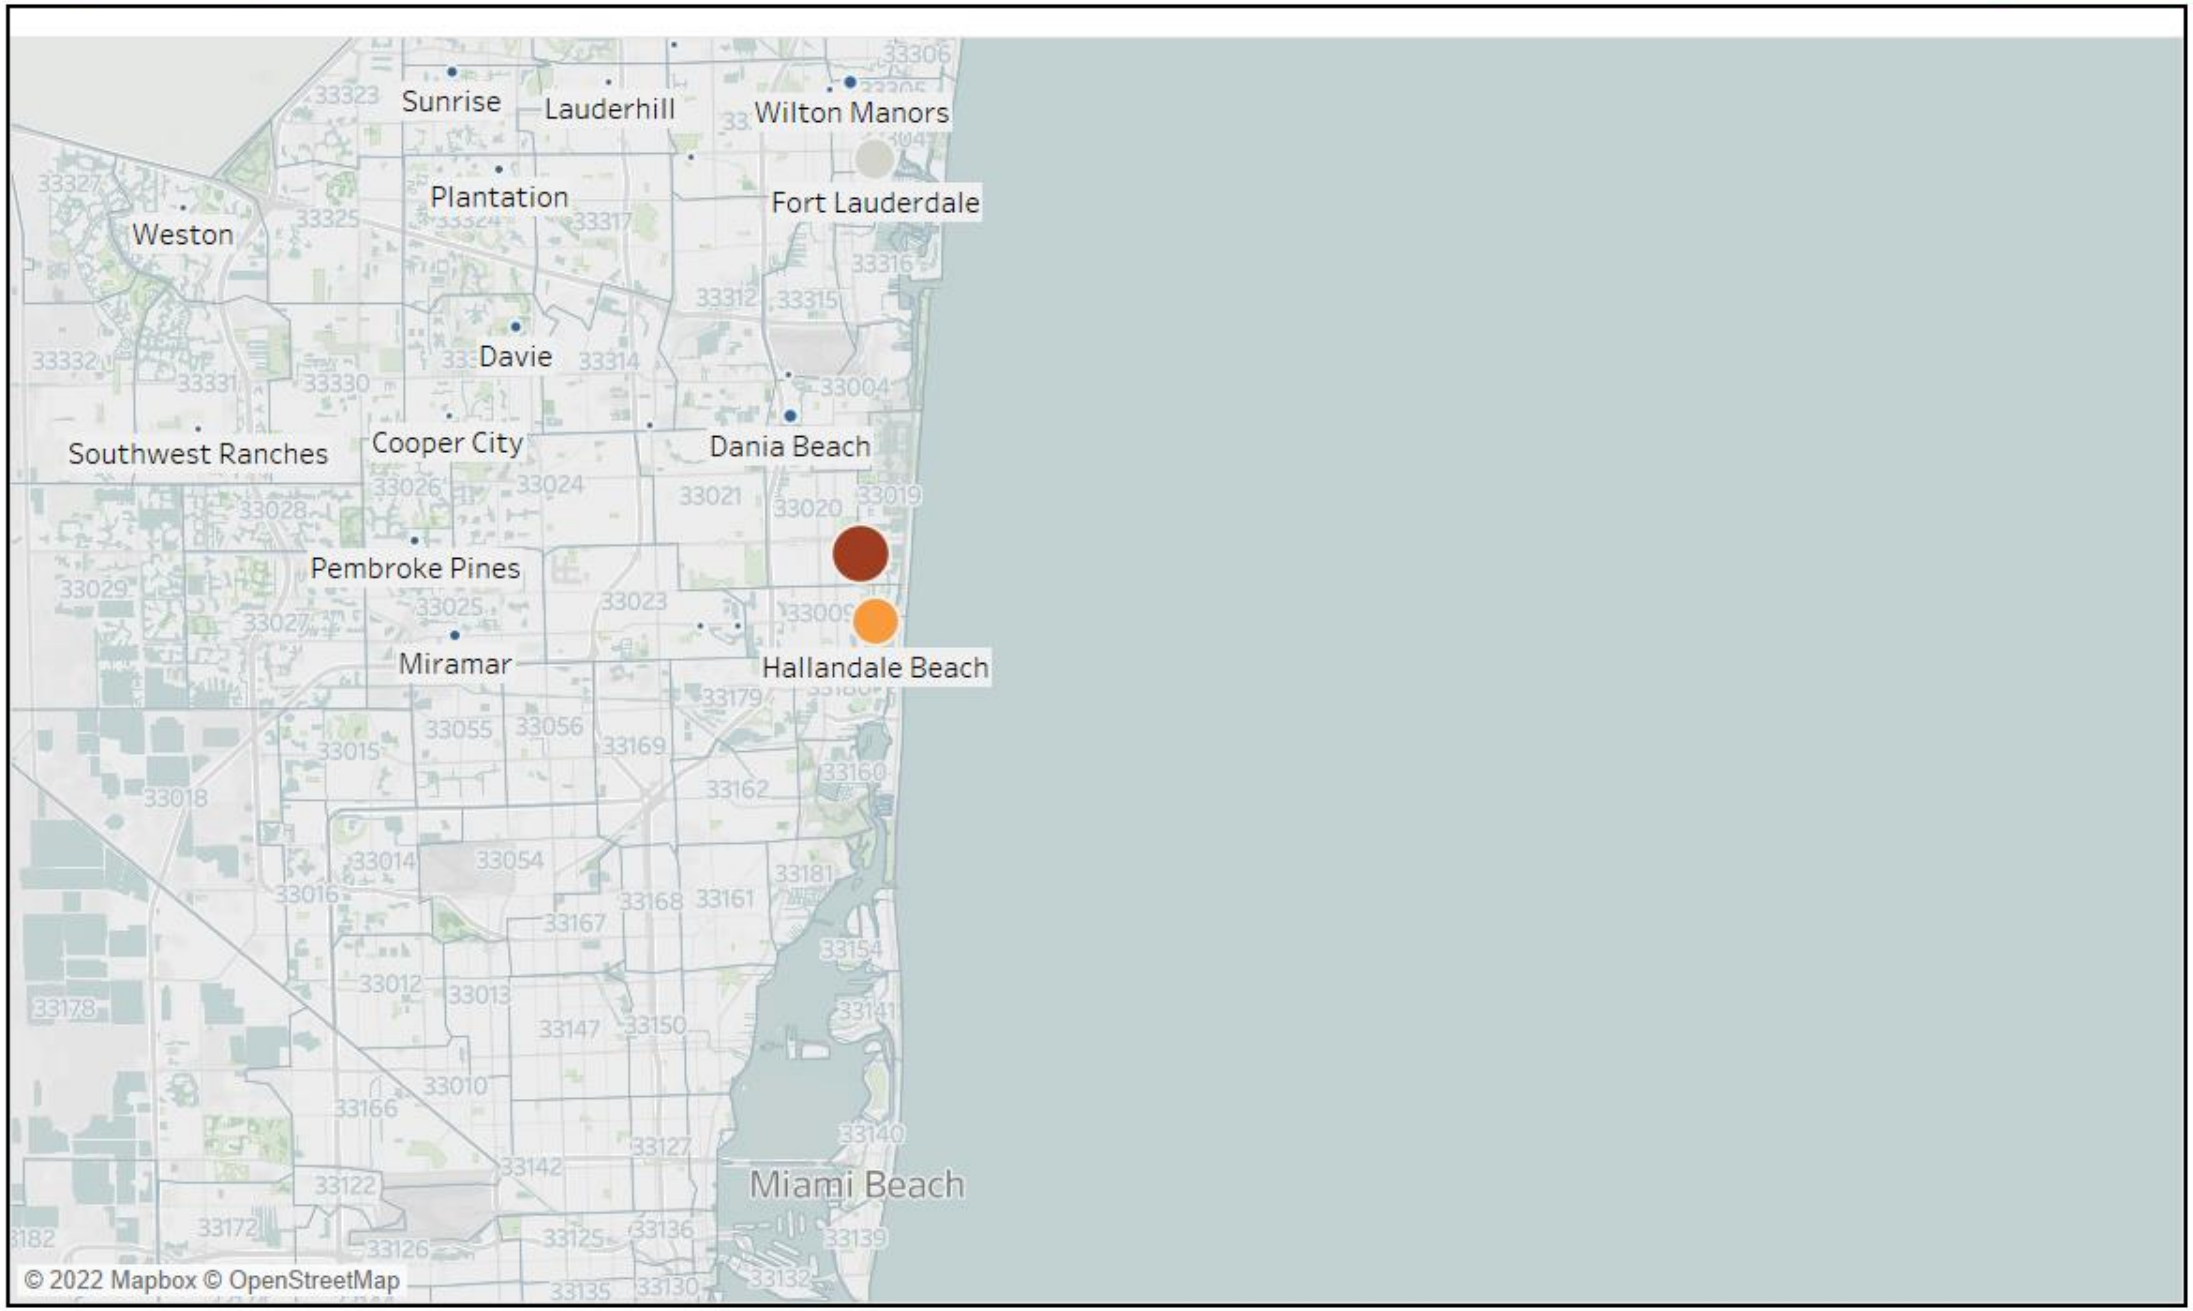

1. What is the most popular city in Broward county
2. What cities are the most demanded by customers
3. When are the peak times for Airbnb investors
4. What is the ideal listing property type prefered by customers (bedroom size, property details)
